Who will benefit

Apparel manufacturing companies, brands, distributors, importers and exporters, retailers, and wholesalers, FMCG companies, consumer durable brands, e-commerce and electronic companies, food-processing companies, packaging industries, pharmaceutical companies, manufacturing companies listed under non-polluting green categories will benefit from the hub for their industrial/storage set-up or product/brand displays and sales.

Srijan Industrial Logistic Park has been approved for use as an industrial park (non-polluting green category) / logistics / commercial space.

Reasons to consider

- Proximity and access to a huge market in the surrounding catchment area and its densely populated neighborhoods along with easy connectivity to the broader markets of Kolkata.
- Modern facility with the most modern and state-of-the-art infrastructure on the busiest industrial hubs of Kolkata.
- Abundant supply of labourers, transport and other advantages that come with a very well developed and functioning logistics ecosystem of NH6.
- Competency and credibility of Srijan Realty already having delivered a 26 lakh sqft Srijan Industrial Logistic Park on Bombay Road, and won multiple awards for it and ongoing logistic parks in Maheshtala and Taratala.

Unique features

- 24X7 Operational Building, Grade "A" modern and Hi-tech Complex
- Upto 10 mtr (33 ft) wide internal road with internal traffic management and Boom Barriers to check the inflow of people & trucks provides ease even when there are large number of vehicles moving around
- 24X7 security with CCTV surveillance ensures safety and security
- Adequate open parking for containers, trucks and small vehicles as per requirement of warehousing space on pay and park basis
- 24 hours Treated water supply
- Ample wash rooms / rest rooms to provide hygienic standards for drivers, workers and floating staffs
- Green environment with beautiful landscaping
- Proper drainage & Sewerage facility
- Professional and world class maintenance
- All government approval's like conversion, pollution, fire etc. in place
- V.D.F. flooring
- Provision for toilet to be provided with each unit
- Rain water harvesting
- Vastu Compliant
- FM Room
- Lightening arrestor
- Solid waste disposal system
- Staff Quarters (at extra cost)
- Electrical connection upto meter room in ground floors

INTERNAL WIDE ROAD WITH BEAUTIFUL
LANDSCAPING

Loading and unloading platforms

Open (Loading and Unloading) bays for containers, trucks and small vehicles and huge loading and unloading platform (dock level) at 4 feet height from ground level will be able to accommodate large number of vehicles at a time, enabling efficient goods movement.

INTERNAL WIDE ROAD WITH AMPLE LOADING & UNLOADING FACILITIES

Construction facts

- Structure - RCC structure with multi-level warehouse concept and pillars span of 5m x 7m
- Top floor roofing - RCC roofing with floor to floor height of 15 ft, low maintenance and 100% leakage proof state-of-the-art warehousing
- Floor height - All floor with 13 ft clear height providing optimum utilization of available space
- Multiple Goods lift - Massive room-size goods lifts of 4 tonnes for easy transportation of heavy goods
- Multiple Passenger lifts - Passenger lifts of a maximum of 10 -15 people's capacity
- Adequate Floor Load Capacity - Designated load of 3000 kg/sqmt on Ground floor & 750 kg/sqmt on upper floors

Warehousing spaces

Large units will facilitate extreme ease of operations for manufacturing as well as packing and forwarding companies alike. Along with this the units will also get a lot of natural light and air ventilation.

Multiple lifts for ease of transport

Multiple goods lifts of 4 tonnes each for easy transportation of heavy goods and multiple passenger lifts of a maximum of 10-15 persons capacity will make both goods and labor movement at the park extremely smooth.

WIDE CORRIOR WITH HUGE
GOOD LIFTS & PASSANGER LIFTS

Massive goods lifts

Massive goods lifts will enable multiple numbers of trolleys at a time to go inside for lifting and uplifting of goods on upper floors with as much ease as in the ground floor.

Weigh bridge facility

Computerized Weigh Bridge facility of up to 60 MT will cater to large and heavy containers with complete ease of operations enabling savings of both time and money.

Safety and security

Most modern fire fighting equipment and security cameras will ensure safety of people and goods round the clock

- Fire fighting as per fire norms
- Smoke detectors/Sprinklers inside the unit has to be installed by the owner before the start of the operation
- 24x7 security with CCTV surveillance ensures safety and security

More than adequate **Power** supply

DG and power back-up facility for all common services as well as for occupants will be made available at an extra cost for a 24 x 7 secure work environment.

Extra load of electrical power will be available in case you require it, at an extra cost.
